

TECHNOLOGY SUITE

AMI Seminar – Honeywell

Thursday, May 22, 2025

9:00 a.m. – 4:00 p.m. Central Time • WPPI Energy, 1425 Corporate Center Dr., Sun Prairie Wis.

WHO SHOULD ATTEND

This event is ideal for operations and field staff in both electric and water. Office staff are also welcome and will find the sessions useful.

Join Us!

This seminar offers members the opportunity to enhance their metering expertise. Attendees will learn about current trends, industry challenges and practical solutions, all while networking with peers and engaging directly with their metering vendor. Representatives from the Honeywell system will lead the seminar.

The seminar takes place alongside the WPPI Technology Suite Conference 2025 on Wednesday, May 21. We encourage you to attend both days! Visit the registration page for details.

Agenda Highlights

- » Evolution of Honeywell AMI Meters: advancements in AMI technology, compatibility, discontinued models and introduction of A4 meters and Next Gen Gatekeepers
- » Roadmap to Honeywell smart energy
- » Firmware releases and updates
- » Programming electric and water meters, AMI infrastructure components, and troubleshooting
- » Daily reports, data retrieval, tips, tricks and more!
- » Continental breakfast and lunch will be provided

RSVP
